Who Should Attend ?

- ❖ **Owners, Property Managers** who wish to reduce costs, increase energy savings and put more building performance information into effective use.
- ❖ **Designers & Consultants** looking at how to best design and specify solutions for their clients
- ❖ **Card Access, CCTV, Intrusion and Automation Contractors** who are investigating expanding their offering to include a total integrated solution

Conference Featured Highlights

- ❖ **End User Perspectives** : Benefits of Security and Automation Integration from an End-User's point of view.
- ❖ **Technology**: A discussion on the available technology and systems which can be implemented without the investment of the past, while satisfying customers and earning revenue.
- ❖ **Video Analytics, people counting and IAQ** : Using CCTV technology to save energy and increase comfort.
- ❖ **"Building the Team"** : How to implement an integration using cross-functional technical disciplines: card access, cctv, controls, lighting and automation.
- ❖ **Other highlights include:**
 - **Implementing systems for small to large facilities**
 - **Energy Saving Strategies**
 - **The "nuts and bolts" of integration**
